Among the numerous candidates for county office with their hats now n the ring, is our fellow townsman, Atty. George A. Everett, who will be before the Republican primary for the nomination for Prosecuting Attorney. Mr. Everett will have the nanimous backing of his party in Delta and is worthy the vote of every man in Fulton county. He is thoroughly versed in law, and possesses every qualification for a good prosecutor. Few attorneys in the county have had more and more varied experiences in legal contests and none with more successes to their credit. Besides a large business in his regular practice, he has been city solicitor of Delta, attorney for the T. & I., legal advisor for banks, estates

In conversation with a former counofficial, he said to the Atlas that Mr. Everett was one of the best posted lawyers in the county. Besides possessing the desired legal ability, Mr. Everett is also a fine fellow and one of the most patriotic Americans in America. A vote for Everett is a good vote for the public good.
